

# The Next Evolution of In-Store Water Testing

**X**PRESS  
FLEX™

Xpress Flex is a cutting-edge water testing system that uses advanced lighting and imaging technology to provide fast, accurate, and affordable test results. Using Xpress Flex, you can customize every test you run by only using the strips you need and leaving off the ones you don't. This system is an advanced test strip reader developed by the most trusted name in water testing: Taylor Technologies.

## Features:

- Performs up to 11 tests in one minute
- Significantly reduces cost per test when compared to other in-store testing options
- Flex Strips are engineered specifically for use with the Xpress Flex device
- Auto-calibrating and auto-adjusting
- Intuitive user experience simplifies staff training
- Integrates with *sureTREAT*® water analysis software
- Manufactured in the USA

## Tests for:

- Free Chlorine 0–10 ppm
- Total Chlorine/Bromine 0–10 ppm
- pH 6.4–8.4
- Total Alkalinity 0–240 ppm
- Total Hardness 0–800 ppm
- Cyanuric Acid 0–300 ppm
- Salt 0–5000 ppm
- Borate 0–100 ppm
- Copper 0–3.0 ppm
- Iron 0–5.0 ppm
- Phosphate 0–3000 ppb

Note: This product requires the most up to date version of Windows (Windows 10) to run software properly.

800-TEST KIT (837-8548)  
[www.taylor technologies.com](http://www.taylor technologies.com)  
ISO 9001:2015 Certified

## Components:

- The Xpress Flex device
- Flex Strips
- Water sample dipping vials (3)
- Caps for dipping vials (3)
- Test strip loader
- Test strip clips (3)
- 5 mL syringes (3)
- Dipper spoon w/ paddle handle

## Flex Strips test for:

- Flex 1: iron
- Flex 2: salt, borate, copper
- Flex 3: free chlorine, total chlorine, total bromine, pH, total alkalinity, total hardness, and cyanuric acid
- Flex 4: phosphate
