

Taylor Test Strips

Pool owners and service professionals alike will find Taylor's test strips to be both reliable and convenient. The simple directions prove approachable for even novice pool/spa owners, and you get results in seconds. Labels provide the ideal ranges generally accepted in the pool/spa industry for ease of use. Taylor's color charts are specially printed to ensure consistent color throughout every production run, and our unique shake-to-dispense lid design prevents degradation from air and moisture.

CHLORINE TEST STRIPS

Free Chlorine 0–10 ppm; pH 6.4–8.4;
Total Alkalinity 0–240 ppm;
